## NUDE AMBITION

Spring/Summer 2014

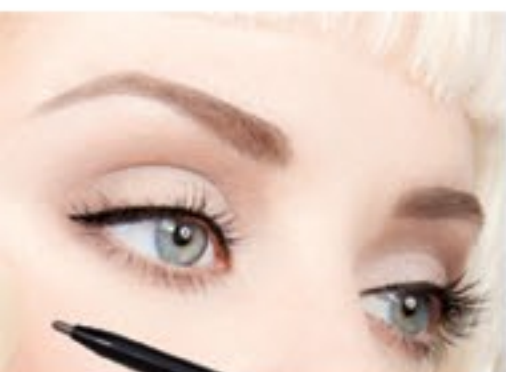

I'm inspired by the fresh, undone beauty of LA girls. I created this collection to mimic how skin looks in the golden hour, just before sunset. Naked makeup is gorgeous, especially when animated with illuminating sparkling finishes and these embellished nudes are effortless.

## CAT eyes

### PINPOINT MICRO TIP LIQUID EYELINER

Embolden nude eyes with a strong sweep of bold black liner, preferably winged. The tiny, firm 'micro tip' is the secret to smooth, easy lining every time. Sets quickly and won't smudge or smear, ever.

## BROWS define

### SKETCH-A-BROW PENCIL

Design brows to the fullest using a neutral pencil for true definition. **Ash Brown** is a neutral medium brown universal shade that works for all brow colors.

## LIPS whet

### LIP LACQUER

Moist, glossy lacquers look fabulous and keep lips protected and conditioned with Mango Seed Butter and super antioxidant Grape Seed Oil.

**French Kiss** - rose nude (right)  
**Flash** - neon mauve nude (left)

**TIP:** For more definition, line and fill in lips with **Pure Nude** (top) or **Heather** (bottom) Lip Liner.

## FACE glows

### BRILLIANT BRONZE BAKED MINERAL BRONZER & BLUSH

**Sun Up** warms up the skin with a diffused, luminous tint of nude bronze and radiant peachy pink blush.

## EYES glimmer

### EYE COLOR

Shade lids with muted matte browns. Sweep on a layer of light catching, liquid-like metal brilliance for a diffusion of textures. For effect, tip lashes with Vixen.

(Clockwise from top)  
**Naked Matte** - light beige  
**Incognito Matte** - slate brown  
**Vixen Metallic** - rose gold metal  
**Spark Metallic** - champagne metal

**TIP:** For long wear and opacity, prime lids with **Totally Transforming Eyeshadow Primer**, \$24, then pat color onto lids with the **Oval Shadow 32 Brush**.
